Dear Parents,

Last term the kinders opened the final window on their **rumah**, revealing a **kamar binatang** (animal room!). We started learning the names of 6 animals: **burung** (bird), **kucing** (cat), **anjing** (dog), **ikan** (fish), **kelinci** (rabbit), and **tikus** (mouse). The children brought home some new flashcards to help practise these words.

This term, we will be continuing with our animal theme for a few weeks. The kinders will learn some more animal names. Today we learnt: **ayam** (chicken), **domba** (sheep), **kuda** (horse) and **marmot** (guinea pig). During this unit, the children will also learn a few simple phrases using the animal vocabulary they have mastered. For example: **Saya punya.....** (I have.....); **Anjing saya besar/kecil** (My dog is big/small); **Tikus saya merah** (My mouse is red).

We also learnt a new song today:

Macdonald tua punya tanah, EIEIO
Di tanah itu dia punya, EIEIO
Dengan di sini
Dan di sana
Di sini..... Di sana
Di mana-mana
Macdonald tua punya tanah, EIEIO

Old Macdonal had a farm, EIEIO
 On that farm he had a, EIEIO
 With a here
 And a there
 Here a There a

Yesus memberkati,

Sonya Ambrose
